Dear Parents and Carers

We are sure you are aware of the recent announcement from the Prime Minister, Boris Johnson, that all UK schools must close to slow the spread of Coronavirus, except in the instance of vulnerable children and children of key workers where schools have been asked to remain open, to support families and children with Education Health Care Plans (EHCP) and families where there is social worker involvement; these children have been allocated a nursery space during this time of uncertainty.

This morning we have completed a risk assessment to check we have enough staff in order to safeguard our children, we have also phoned parents of these groups of children to discuss the Nursery remaining open for these children; **we are remaining open at present to meet the needs of these children only.**

We will continue to keep in touch with parents/carers with updates regarding Corona Virus/Covid-19.

We are continuing to follow guideline as stated by Public Health England and NHS for staff and children with underlying health issues.

Nursery will be open from 9.30am until 2.00pm only.

If you are worried or concerned please feel free to contact the school via email to headteacher@hollywoodpark.stockport.sch.uk.

Please keep in touch via Tapestry or Development Maps to let us know how you are and what you are doing. We have put links on the website for ideas during these uncertain times.

We would advise all families who are not in school and are social distancing to try keep a daily routine wherever possible in order to promote emotional well-being throughout the family.
